Keystone Modules

Keystone Modules

Keystone modules

Our top quality keystone modules take advantage of the Cap System, resulting in an easy, beautiful, and clean installation.

Thanks to the CaP System, Telecom & Security keystone modules will be finished in less than 30 seconds, the easiest way ensuring the best quality connection possible.

Available in 3 different colours and in 8 different types of connectors, our modules will perfectly fit on any keystone wall plate.

F Female

Product codes:
UKN/F (black), UKB/F (white), UKA/F (ivory)
Weight: 9,6 g
Material: ABS
Package: 20 pcs
Certifications: CE – RoHS

DESCRIPTION

Direct terminal keystone module with female F-type user connector.
It can be modified into a pass-through socket with a splitter or a tap for plug-in socket.
Including 1 black CaP for connection with coaxial cables with a diameter between 2 and 7 mm.

Bandwidth: 0 - 2400 MHz bandwidth, with DC pass for remote power supply and/or decoder control.
Pass-through Loss: 0.08dB @ 1000MHz
Class A + shielding.
Complies with EN 50083-4 and CEI 100-7 standards.

IEC male

Product codes:

UKN/M (black), UKB/M (white), UKA/M (ivory)

Weight: 10 g

Material: ABS

Package: 20 pcs

Certifications: CE – RoHS

DESCRIPTION

Direct terminal keystone module with IEC male type user connector.

It can be modified into a pass-through socket with a splitter or a tap for plug-in socket.

Including 1 black CaP for connection with coaxial cables with a diameter between 2 and 7 mm.

Bandwidth: 0 - 2400 MHz bandwidth, with DC pass for remote power supply and/or decoder control.

Pass-through Loss: 0.08dB @ 1000MHz

Class A + shielding.

Complies with EN 50083-4 and CEI 100-7 standards.

IEC female

Product codes:

UKN/I (black), UKB/I (white), UKA/I (ivory)

Weight: 10,4 g

Material: ABS

Package: 20 pcs

Certifications: CE – RoHS

DESCRIPTION

Direct terminal keystone module with IEC female type user connector.

It can be modified into a pass-through socket with a splitter or a tap for plug-in socket.

Including 1 black CaP for connection with coaxial cables with a diameter between 2 and 7 mm.

Bandwidth: 0 - 2400 MHz bandwidth, with DC pass for remote power supply and/or decoder control.

Pass-through Loss: 0.08dB @ 1000MHz

Class A + shielding.

Complies with EN 50083-4 and CEI 100-7 standards.

BNC female

Product codes:

UKN/B (black), UKB/B (white), UKA/B (ivory)

Weight: 17,2 g

Material: ABS

Package: 20 pcs

Certifications: CE – RoHS

DESCRIPTION

Direct terminal keystone module with BNC female type user connector.

It can be modified into a pass-through socket with a splitter or a tap for plug-in socket.

Including 1 black CaP for connection with coaxial cables with a diameter between 2 and 7 mm.

Bandwidth: 0 - 2400 MHz bandwidth, with DC pass for remote power supply and/or decoder control.

Pass-through Loss: 0.08dB @ 1000MHz

Class A + shielding.

Complies with EN 50083-4 and CEI 100-7 standards.

RCA female

Product codes:

UKN/I (black), UKB/I (white), UKA/I (ivory)

Weight: 10,8 g

Material: ABS

Package: 20 pcs

Certifications: CE – RoHS

DESCRIPTION

Direct terminal keystone module with RCA female type user connector.

It can be modified into a pass-through socket with a splitter or a tap for plug-in socket.

Including 1 black CaP for connection with coaxial cables with a diameter between 2 and 7 mm.

Bandwidth: 0 - 2400 MHz bandwidth, with DC pass for remote power supply and/or decoder control.

Pass-through Loss: 0.08dB @ 1000MHz

Class A + shielding.

Complies with EN 50083-4 and CEI 100-7 standards.
